

School Council Meeting November 2016

Sophie Ashton, Jasmine Redgrave, Mya Willis, Alex Sommerside, Olivia Hardy, Katlyn Savage, Ethan Marshall, Leah Hutchinson, Kian Hurman and Mrs Kilpatrick

The school councillors have all done a good job and have discussed our last meeting with their classes and friends and have brought several suggestions to today's meeting.

Repairing the green house was a very popular idea and when discussed with Jo, she felt that if we were to embark on this task it may be better to leave it until the Spring when the weather would be much improved. We'll let you know when to start saving your pop bottles.

Requests are made on a regular basis for more equipment on the playground. We are pleased to say that over the next few weeks you will have the opportunity to discuss the type of fitness trail equipment that will be suitable for an area of our playground. Children in several classes have also requested more tracks and trails to be painted on the playground, again these will be discussed in your classes with your school councillors.

The MUGA continues to be brought for discussion at school council meetings and a suggestion from Key stage 2 to have allotted playtimes in the MUGA, to play basketball, football or games of their class choice on their allocated days. Let your councillor know your views.

At playtimes some children are continuing to put their coats on the Friendship benches. Could all children please keep their coats on or if they need to take them off, please use the other benches, so that children who would like some company can sit on the benches provided for this purpose.

Having books available at breaktimes has proved popular but it is not always possible to take books outside. Key stage two children have asked if it will be possible for some children to go into the library at breaktimes to read with a member of staff present. If this proves to be a popular idea, then the councillors will discuss it with Mrs Dixon.

Mr Jefferies class had a fantastic trip to the Toby Carvery for their super attendance last half term. Well done class 7.

Don't forget we're all going to follow Pudsey's example and go Spotty in school on Friday 18th November.
